

# We're Strangers Again (With Tammy Wynette)

## Randy Travis

Randy Travis & Tammy Wynette  
First we were strangers down on our luck  
And both in need of a friend  
We promised each other  
To much to live up to  
And now we're strangers again (Tammy)  
I came like a stranger  
And you took me in  
And I felt at home in your arms  
We had nothing but good times  
As long as the sun shines  
But we just couldn't weather the storms  
(Randy)  
You came like a stranger  
And I took you in  
And you gave me some reasons  
To live  
I gave the good times  
And you gave the sunshine  
Till we ran out of good things to give  
Now we are strangers back down on our luck  
And both in need of a friend  
We promised each other  
To much to live up to  
And now we're strangers again Strangers again...
