

# Champagne Night

## Lady A

[Verse 1: Hillary Scott & Charles Kelley]

The stars go out on the Sunset Strip

But after last call, ours still stay lit

Make 'a '20 last like 'it's 1990

Way out here where we're 'from

We don't say, ooh-la-la, Perignon

Don't need no bottle service budget? (No)

Got 'no 'money, but we 'love it (Woo)

[Chorus: Hillary Scott]

Raisin' 'plastic cups to a life of luxury

C'est la vie on a Friday

We get dressed up in a blue jean tux

And we go where we don't hear the highway

Don't need doubles and bubbles

To get in all kinds of trouble

Out in the country

Don't need a crystal chandelier

To have a real good time

We're drinkin' beer on a champagne night

A champagne night

[Verse 2: Charles Kelley, with Hillary Scott, Hillary Scott]

No velvet booths in our hometown bar

Our VIPs are drinkin' PBR

No, we don't need no high-rise skyline view from a window

'Cause way out here (Way out here)

Where we're from (Where we're from)

We don't have to be fancy

To have a whole lotta fun

[Chorus: Hillary Scott and Charles Kelley]

Raisin' plastic cups to a life of luxury

C'est la vie on a Friday

We get dressed up in a blue jean tux

And we go where we don't hear the highway

Don't need doubles and bubbles

To get in all kinds of trouble

Out in the country

Don't need a crystal chandelier

To have a real good time

We're drinkin' beer on a champagne night

Champagne night

[Bridge: Hillary Scott]

You'll never see us sippin' long-stem glasses

Even if we're in a Hollywood palace

We ain't on our own island  
No, we ain't drippin' in diamonds  
We're gettin' rhinestoned

[Chorus: Hillary Scott and Charles Kelley]

Raisin' plastic cups to a life of luxury  
C'est la vie on a Friday  
We get dressed up in a blue jean tux  
And we go where we don't hear the highway  
Don't need doubles and bubbles  
To get in all kinds of trouble  
Out in the country  
Don't need a crystal chandelier  
To have a real good time  
We're drinkin' beer on a champagne night

[Outro: Hillary Scott & Charles Kelley]

We're drinkin' beer on a champagne night  
We're drinkin' beer on a champagne night  
Drinkin' beer on a champagne night  
We're drinkin' beer on a champagne night  
We're drinkin' beer on a champagne night  
We're drinkin' beer on a champagne night
