[Verse 1]

Came from the bottom like well water, bitch  
Six string, quick pickin', what's good motherfucker?  
Rebel flag bandana, chromed out Harley Davidson  
Damn, motherfucker (Hillbilly hillbilly)  
I stay all up in the lime light, higher than a damn kite  
Might be sippin' whiskey tryna start me up a bar fight  
On MTV with a torch light sparkin' up a blunt  
While I'm playin' with some tannerite, bitch  
I'm the bare foot rapper  
Er'body keepin' distance from  
You hear my name, you know I don't play  
What the fuck I'm 'bout, and where I came from  
I know a lot of rednecks, know a lot of real thugs  
Know a lot of hillbillies totin' scraped off guns  
Know a lot of motherfuckers in the hollars where I'm from  
With a huge pig farm, no fingers no thumbs

[Chorus]

Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)

Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)

[Verse 2]

Beer bottle to your head to the beat of my kick drum  
Raised in the south, rough hands with slick tongues  
Ain't no shit starter but bitch, come and get some  
Sippin' on diesel out of a five gallon milk jug  
Middle finger kinda guy  
Packin' me a big ass 1911  
Truck so motherfuckin' loud  
God could probably hear that shit way up in heaven  
I'm the guy these wannabes rap about  
In damn near all their weak verses  
Got that fire like a devil, son  
But you know I'm accepted in all churches  
Death to these weak rappers  
Hit the studio in a black hearse  
Bitch, I'm sick like Zika virus  
I'm the king now sum' bitch close the curtain

[Chorus]

Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)

[Bridge]

I don't care if you don't like me, shit you could bite me  
In a Facebook beef if you wanna come and fight me  
Don't like buttin' heads I get down like a bull  
Stick my thumb in your head and demolish your skull

[Chorus]

Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)  
Hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hillbilly hick (Oh yeah)
