

Federal Fed (feat. Future)

Moneybagg Yo

I've been going federal fed
Might pop me a med, then burn up her head (Woo!)
He know he not 'bout that life
It's fuck that lil' nigga and I meant what I said (Murder)
I put that dick in her life
Tell her some lies, then fuck up her head (Woah, woah)
I want that Actavis, they say they outta the purple
I'm sipping on red (Cup full of dick) I ride around with choppas in the coupe (Skrrt)
I'm on a jigga, need an orange juice (Rolling)
I pick her up and beat her walls loose
She eat the dick and clean it when she through (Freak) I ride around with choppas in the coupe
(Skrrt)
I'm on a jigga, need an orange juice (Dry)
I pick her up and beat her walls loose (Smash)
She eat the dick and clean it when she through
I put it on, no stylist can dress me
Got some hitters and they take my direction
Left-right, right-left, they stepping
Knock a nigga block off, Tetris
She eat it up and clean it when she done
Test a niggas, Pikachu, Pokémon (Woah)
I'm on yellow-yellow by the ton
I go federal fed, ex-con
We got the bo's, same number LeBron
If I don't know 'em, I'm charging 'em Kobe
I'm riding around with the FM loaded
I'm my security, that why I tote it
Soon as she met me, requested a Rollie
Can't even give her a Chuck E. Cheese token
Blowing my high, leave me alone when I'm dopping
Throwing me off, look baby, keep focused, go!
Ice cream, they gon' Push Up
Turn his brains to a fruit cup
Made the news, now you're juiced up (Famous)
I'm paid in full, not a poof putt
I don't even care what they doing, I'm winning (I don't care)
Carousel with the bag, I'm spinning
Eat the dick with two hands, she twisting
Bring me the mouth when I miss it I've been going federal fed
Might pop me a med, then burn up her head (Woo!)
He know he not 'bout that life
It's fuck that lil' nigga and I meant what I said (Murder)

 Rolls-es and Lambs popping outside
 High Tech red, he brought it by the pack
 I fired up the blunt standing in the backYou know you not 'bout that life
 You wasn't selling that white
 You wasn't toting that pipe (Cook it up, cook it up)
 I had to PJ the flight, I had bales on the flight
 I'ma touch down tonight (Give it up, give it up)
 I'm with them body snatchers
 Yeah, them kidnapping niggas who put you on ice (Woo)
 I did it by mistake, it wasn't on purpose
 Ended up fucking you wife (Woah, woah)
 She was choosing up and it was on sight
 Had her riding on me like a motorbike
 Had her clean her head like a wet wipe
 I was on the red, higher than a kite
 Pulled up in the hood in a helicopter
 I'm a hood nigga making top dollar
 Made a lot of money, bought a lot of choppers
 I'm a top shottaI've been going federal fed
