KYLE

Hey girly, whatcha name is? Ass so fat but that waist so famish It's all goody as long as I get a woody
You can peck peck with your neck aw baby In plantations that's amazing Where are you from? Why aren't you famous?
Bet you didn't know that my whip ain't rented Bet you didn't know that my clothes expensive
Bet you didn't know that my girlfriend Cuban Bet you didn't know that I don't know Spanish
No habla ingles but she wants my penis Wait, wait remix! What's the hold up
Take your clothes off There's a game, in the pillows Or on Nintendo it don't matter we can play
Come on girl lets play a game Sex & Super Smash Sex & Sex & Super Smash Bros
Sex & Super Smash Sex & Sex & Super Smash Bros Sex & Super Smash Sex & Sex & Super Smash Bros
Sex & Super Smash Sex & Sex & Super Smash Bros Told me she just might though
Be nice though Come by the new place and spend the night though We can go all night though
With no lights though Want me to lay the pipe though Alright though Told me she just might though
Be nice though Come by the new place and spend the night though We can go all night though
With no lights though Want me to lay the pipe though Alright though She wants me to stay close though
