

# Blink 182

## Half an Orange

[Verse]

We could play Blink, Blink 182  
Lay around the house and day drink 'til the afternoon  
Thinking?'bout?the times that?we had  
When this was all that?we knew  
When this song was still new  
When this all was still new  
We could play Blink, Blink 182  
Summertime nights that we had staring at the moon  
Laughing at our own jokes, acting like they were new  
We'd only watch cartoons, but loving life was our tune

[Chorus]

I know that we can never go back to this  
And as we grow, we'll look back and miss all it  
'Cause we'll leave this town, we'll leave this home  
And find lives of our very own  
Where we can play Blink, Blink 182  
Where we can play Blink, Blink 182

[Post-Chorus]

We could play Blink, Blink 182

Summertime nights that we had staring at the moon

Laughing at our own jokes, acting like they were new

We'd only watch cartoons, but loving life was our tune

[Verse 2]

We could play Blink, Blink 182

Drive around our cars and pretend that we never grew

Sneak out of the house every night

We were young and confused

We never made curfew, there was too much to do

We could play Blink, Blink 182

Chasing all of our drinks with Red Bull and Mountain Dew

Hangovers so bad we would sleep until the morning was through

Yet start again 'cause we knew that there was nothing to lose

[Chorus]

I know that we can never go back to this

And as we grow, we'll look back and miss all it

'Cause we'll leave this town, we'll leave this home

And find lives of our very own

Where we can play Blink, Blink 182

Where we can play Blink, Blink 182

[Post-Chorus]

We could play Blink, Blink 182

Summertime nights that we had staring at the moon

Laughing at our own jokes, acting like they were new

We'd only watch cartoons, but loving life was our tune
