

# Scarecrow

Fozzy

Today I saw the scarecrow die  
Never thought I'd see this day  
Tossed up pride into the fire  
Nothing to keep the crows away SCARECROW  
SCARECROW With the fields left all alone  
The crows blackened out the skies  
Claiming the farm as their own  
Destroy a man they all despise  
Oh scarecrow we need you back again  
You been gone for much too long and the world has gone bland  
Oh scarecrow we need you to defend  
Oh scarecrow we need you back again The feeding frenzy is complete  
The dirt stripped of all it's life  
Hungry all the crows leave  
Another farm to occupy Oh scarecrow we need you back again  
You been gone for much too long and the world has gone bland  
Oh scarecrow we need you to defend  
Oh scarecrow we need you back again  
SCARECROW  
SCARECROW  
SCARECROW  
SCARECROW
