

Taylor Swift

Cal Scruby

[Verse 1]

I crack the code, break the bank and then I'm coming back for more

Told you if you ride that wave it'd only take you back to shore

They say I wanna be Macklemore or I wanna be Eminem

Well if I'm the new Em, my bitch is the new Kim, yeah

And I guess that'd make you carbon copy Poppa Doc

Always on fire, watch her rollin' when she stop and drop

Had to stop by the shop, cop that California pot

Got that green with orange hair, that shit look like Roger Klotz

Funny how I make it switch

I was rapping like I'm broke, now I'm rapping like I'm rich

Rolling back to back with tobacco you know that make a spliff

Inhale, exhale, take a photo, make a gif

Got a bitch in my kitchen making 7 layer dip

Keep a chip on my shoulder like I never made the ship

For the whip, paid a grip, hands ten and two the wheel

I ain't even sign a deal, had to exercise the chill uh

Millionaire friends with me, I don't pay the bill

Went to boy for the mill shout to G and solo hill

All this Polo feel like Uncle Phil's son, Will's cousin
I take 30 milligrams like everyday, I'm still buzzin' yeah

[Chorus]

White girls at my show dancing like they Taylor Swift

(Dancing like they Taylor Swift)

All these white girls at my show dancing like they Taylor Swift (Dancing like they Taylor Swift)

[Verse 2]

I'm still very high, terrified, asking where am I?
Stuck inside a paradigm with a pair of dimes, oh
Here's some fair advice, don't come looking for a fair price
I just got a check and I don't mean I'm verified, no
I keep this shit in my circle, 'petitive flow on the turbo
Button is popping the top off, she be like where did my shirt go?
All of my medicine purple, half my medicine herbal
And half my medicine mixing it up with a drink in a cup like Kirko

[Chorus]

White girls at my show dancing like they Taylor Swift

White girls at my show dancing like they Taylor Swift

[Outro]

She just wanna shake it out

She just wanna shake it out

If it's bad blood break it off

If it's bad blood break it off
