

# 600 Benz (feat. Rick Ross & Jadakiss)

Wale

[feat. Rick Ross & Jadakiss][Rick Ross:]  
600 Benz, house 600 grand  
That was 6 years ago, whips come from Japan  
I get that work from my face  
I get that work from my face[Wale:]  
600 Benz, Condo 600 grand  
I got 12 hundred kicks them straight from Japan  
My ambition is wicked I put that shit on my hands[Rick Ross:]  
I get that work from my face  
[Wale:]  
I put that shit on my man  
[Wale:]  
Wale, real nigga, while I tote a blow and bomb haze?  
I just tell CJ keep on rollin' that's my shorty  
Tinted out, you ain't seeing through  
All black everything, this shit like a HBCU  
Maybach music, major moves  
I'm saving major loot  
I make my old bitch buy me all the latest shoes  
One whip just ain't enough, I just seen 33  
You only half a W without a second V  
Gotta be dreamin, gotta be chosen  
Shawty when I was 20 I had a Camry and?  
But now I'm ok, I got my shit together  
Rozay told me keep on working, shawty you'll be rich forever, ever  
Forever my endeavours and I sever my opponents  
I'm cold like it's in Denver  
The dilemma is, you think I got no conscience  
You think I just here flossing or? shit about?

Dependin' on how I feel, either the coupe or sedan  
I'm only dealin' with you, nothing to do with your man

Ruin your plans, it's best to do what you can  
I'm up to 600 bricks, started with 200 grams  
Hand to hand in the cold  
Pockets on hella swole  
I was breaking 'em down, now I'm selling 'em whole  
Work straight out the kitchen  
Ain't no competition  
You just shut up and listen and you can complete the mission  
Know you want me to fall  
I don't do nothing but ball  
You heard I was in jail, but I just came form the mall  
I'm on my way to the jeweller bout to cop me a Muller  
Keep the digital ruler, at arms length of the ruger  
Life's a bitch and I feel her  
Ain't nobody iller?, Godzilla  
Catch me blowing vanilla's  
Used to be blood money now it's go hard scrilla  
After I count it all up, I'm a go to the dealer and get a...[Rick Ross:]

Hope you heard that intro  
This that I been grinding cause I've been saving for that benz flow  
So mash on them petty badges  
Tell em'? but they never gon catch us  
If I am pulled over, I know they gon be on it  
Cause it's hot in here and I got no L like the '72 Dolphins  
Wooh, race my?, and I bet you never pass me like a safety?  
I'm Polamalu, 600 the newest model  
My newest motto to use a condom with newest models  
Uhh, got a hundred on the dash uh  
Ya ain't killers ya'll got hundred yard dash guns  
I'm a rare one, camo's and some rare ones  
Where I'm from is the circus, hope you don't expect a fair one  
Dropping hundreds like it ain't nothing  
Really it was but you know I never sayin' nothing
