

# Panic Attack (feat. ICP's Violent Joe Bruce J)

Esham

Look in my mind. (Panic Attack)  
Devil's Wicked. (Trying to look at me)  
Look in my mind. (Panic Attack)  
Keep looking  
Look in my mind. (Panic Attack)  
You just might get hurt(Violent J)  
First of all I stab people, like even myself  
I wouldn't advise it though doc it fucks up my health  
I hang out with bad people we cause mischief and mayhem  
People like Shaggy and that E-S-H-A-M  
I panic over everything man, my faucets they drip  
I headbutted my mom over that shit and swelled up her lip  
(Urgh) She hit me with a big wooden spoon  
I ran into the bathroom  
I took off my panties and sat there and cried and took a dune  
Plus I hide in bushes, and I play with my dick  
Wait! Did I say I had panties on?  
Scratch that shit!  
Anyway, them bushes Im jerking my dick off  
Yet possums are looking I get off  
Tell me how to stop my panic attack!  
(Chorus)  
Look in my mind. (Panic Attack)  
Carefull. (Don't get hurt)  
Look in my mind. (Panic Attack)  
Look in my mind. (Try not to get hurt)  
Look in my mind  
Carefull. (Don't get hurt)  
Look in my mind. (Panic Attack)  
You just might get hurt(Esham)  
They tell me I got a screw loose so I loosened it some more  
I popped off all my pills they told I should pop some more(Violent J)  
I painted up my face, I always do I'm a Clown  
But I paint it with dog shit when nobody else is around  
Wait, no I don't  
(Esham)  
Got a bad habit, so big it's just like that  
Fuck a motherfucking monkey  
I got a Gorilla on my back(Violent J)  
I know this aint funny, but Shaggy laughs at me  
Everytime I laugh with him, Esham he slaps me(Esham)  
Paranoia, Skitzophrenia

All too familiar  
But bitch don't get too close I might kill ya!(Violent J)  
I smoke PCP, ICP, this and that  
I never smoked a rock, but I tried smoking but crack  
PANIC ATTACK!(Chorus)(Esham)  
Sit back and let me tell you why I panic  
Motherfuckers think I'm Satanic  
From all that I just got manic on the whole fucking planet  
One two bitch, let me get this mic  
Hold up ho  
Let me run my flow  
Like ya didn't know  
I'm from the Mo  
Town  
Sounds underground  
So I can mac a bitch  
And pimp the little ho until the cunt makes me rich  
Ditch the bitch if she broke  
Cuz I ain't no fucking joke  
I'm speeding down the highway tokin my smoke smoke smoke  
Switching lanes left and right  
Cuz I'm high as a kite  
Swerving on the freeway through the yellow and white  
Got an appetite for some pussy but I won't eat it up  
Instead I'll be like Tyson in that bitch beating it up(Chorus x4)(Esham whispering)  
Don't panic  
You just might get hurt  
Bitch!
