Calboy

Oh-oh, oh
Yeah, yeah
Oh, ohOh-oh, oh, yeah
CZ beats, why you do 'em like that?Brand new four-five with the RIP (RIP)
In the trap all night 'cause my dawg don't sleep
('cause my dawg don't sleep, yeah)Used to live a nightmare
I ain't had no dream, yeah (I ain't had no dream)
Seen a lot of niggas die, boy, what you think? (Boy, what you think?)
If the crew ain't right then the ship gon' sink (Then the ship gon' sink)And a nigga ain't right
from the shit I seen (From the shit I seen, yeah)
Wanna talk about love, bitch
What you need? (Bitch what you need, yeah?)
Fell in love with this mud, pour up, I drink
'Cause I've been to war, barbarian (Barbarian)
These niggas talkin', irrelevant (Irrelevant)
My pockets fatter than elephant (They are)
I fell in love with the medicine
I'm sick in the head, I need medicine
Can you tell me why your shooters hesitate?
Say you come from that block, you never been
I never fold, I never bend, yeahBitches better watch they back
You know I grip on this MAC
And I heard what you say
We spot a nigga, he's dead
And I point it at his head
I bet his shit it go splash, hey
I put my boy on the map, hey
I come from cookin' the crack, hey
Boy you better not try to run
You can get shot in your back, hey
I fell in love with the mud
You know it keep me relax, heyShe wanna talk about love
I don't wanna hear none of that
If I said it won't take the shit back
If she left me, ain't no comin' back
And I'm still on 147, I ain't changin' up, hey
Say they want smoke with us, he smokin' angel dustAnd these bitches be so damn weird
Niggas be strange as fuck
Niggas can't bang with us
Niggas can't hang with us, heyGotta tie my shoelaces, bitch I ain't trippin'
Since a shorty, I knew I was different, hey
Me and you ain't the same, and they can tell the difference

Gotta stay focused, bitch, I'm on a mission

(Cause my dawg don't sleep, yeah)
Used to live a nightmare
