

Woo!

Remi Wolf

Woo! By Remi Wolf
Love, when I go and do you wake up
Without any control?
Love, it's not the answer, it's the mindset
The question's not about who, it's how you find
Your mother kept me hated
She told me that you're crazy
And I know I couldn't cure you
When you talked about your feelings
Go telling all your secrets
Oh babe, I won't believe it
You got nothing but a feeling
You got nothing but a feeling
For your love
You're so hot, got lost, got weak in the knees
Got botched like a f----- up lip surgery
And the dentist always telling to floss my teeth
And I'm running out of odds to call and
Yeah, and I'm running out of good options
Yeah, and I don't know what I really wanted
Yeah, and, f---, I think I lost my wallet
F---, I think I lost my wallet
F---, I think I'm getting hotter
Oh oh, where does it go?
And do you have the answer to my question?
Baby, I don't know
Your mother kept me hated
She told me that you're crazy
And I know I couldn't cure you
When you talked about your feelings
Go telling all your secrets
Oh babe, I won't believe it
You got nothing but a feeling
You got nothing but a feeling
For your love We sit too lit, we sit too lit now
We sit too lit while you're still in town
[?] do it now
While you are sitting there
And darling, we don't know where to start
With you, I could go for miles
Ooo, baby, take me higher and higher
Darling, don't know where to start

With you, I could go for miles
Ooo, baby, take me higher and higher
Higher and higher
And higher, we're getting higher
Light up, baby And you're dark so we can't go skate on ice
And we're getting higher and higher
And higher and higher and higher, baby
Woo
