

Salvation

Chimaira

Endless nights filled with misery
Sick of familiar patterns
Bruise after cut
Can't wash away my scars This is a night of... sal-vation, salvation...
On the night of sal-vation, salvation... This life always painted me
Tired of the same routine
All the lies I've told
Can't hide the little things
This is a night of... sal-vation, salvation
On the night of sal-vation, salvation Life has been left behind me
I will not cower away
Cower away Adrenaline stronger than ever
Feel it all come together
(x2)
On the night of... sal-vation, salvation...
On the night of sal-vation, salvation... Life has been left behind me
I will not cower away Salvation(x4)
