

Trapped Underneath the Stairs

Korn

[Verse 1]

I'm shrouded and sedated
Patiently awaiting
For my mind to really come down
I'm afraid of being hated
'Cause I'm so jaded
Not like everybody somehow
Trapped underneath the stairs
Dealing with the fears
Constantly it's silent and loud

[Chorus]

I am who I am
There's nothing I can do
I try to hide it
And it keeps breaking through
I feel the world so different
Than anyone of you
Remember who you are
There's nothing you can do

[Verse 2]

I'm constantly debating
Why I'm always playing
Walking around with my head down
I don't want to be like anyone
What the fuck could I have done
To deserve this terror somehow?
Trapped underneath the stairs
Dealing with the fears
Constantly it's silent and loud

[Chorus]

I am who I am
There's nothing you can do
I try to hide it
And it keeps breaking through
I feel this world so different
Than anyone of you
Remember who you are

There's nothing I can do

[Brige]

I'm not like God

Can't hide what I am

Like it or not

I push it down, comes back again

The medicine stopped working long ago

I am the problem

Inside has nowhere to go

Inside has nowhere to go

Inside has nowhere to go

Inside has nowhere to go

Nowhere to fucking go

[Chorus]

I am who I am

There's nothing you can do

I try to hide it

And it keeps breaking through

I feel this world so different

Than anyone of you

Remember who you are

There's nothing I can do

[Outro]

You're always stuck with you

Nothing you can do

You're always stuck with you
