

# Sorry for the Stupid Things (feat. Keyshia Cole)

## Babyface

Sometimes we wish for the better  
When we have it good as it gets  
Sometimes the grass isn't greener  
As soon as we find out, we forget  
Sometimes a fool he's doesn't know he's a fool  
Sometimes a dog, he don't know he's a dog  
Sometimes I do stupid things to you  
When I really don't mean it at all Sometimes a man is gon' be a man  
Its not an excuse, its just how it is  
Sometimes a wrong, don't know that they wrong  
Sometimes the strong, ain't always so strong  
Sometimes a girl is gon' be a girl  
She don't want to deal with all the drama in your world  
God knows I don't mean to give it to you  
So girl, I'm sorry for the stupid things  
I wish I didn't do but I do  
Oh  
Oh no  
Oh Sometimes I wish I was smarter  
Wish I was a bit more like you  
Not making stupid decisions made at the last minute  
You live to regret when its through  
Well sometimes a fool, doesn't know he's a fool  
And sometimes a dog, he don't know he's a dog  
But sometimes I do stupid things to you  
When I really didn't mean it at all Sometimes a man is gon' be a man  
Its not an excuse, its just how it is  
Sometimes a wrong, don't know that they wrong  
Sometimes the strong, can't always be strong  
Sometimes a girl, is gon' be a girl  
She don't want to deal with all the drama in your world  
God knows I don't mean to give it to you  
So girl, I'm sorry for the stupid things  
I wish I didn't do but I do  
Sometimes a fool doesn't know he's a fool  
And sometimes a dog, he don't know he's a dog  
But sometimes I do stupid things to you  
When I really didn't mean it at all  
At all . . . at all Sometimes a man is gon' be a man  
Its not an excuse, its just how it is

Sometimes a wrong, don't know that they wrong  
Sometimes the strong, ain't always so strong  
Sometimes a girl, is gon' be a girl  
She don't want to deal with all the drama in your world  
God knows I don't mean to give it to you girl  
So girl I'm sorry for the stupid things  
I wish I didn't do but I do  
Sometimes a man is gon' be a man  
Its not an excuse, its just how it is  
Sometimes a wrong, don't know that they wrong  
Sometimes the strong, ain't always so strong  
Sometimes a girl, is gon' be a girl  
She don't want to deal with all the drama in your world  
God knows I don't mean to give it to you girl  
So girl I'm sorry for the stupid things  
I wish I didn't do but I do
