## Massive Attack

I'm looking for you in the woods tonight  
I'm looking, looking for you with my flashlight  
I'm searching from in the high or down the ocean  
And I pace myself in racing  
Gain the wolf, gain the wolf Conjure me as a child  
Slipping down the wet side  
Stretch up, I cannot reach him  
Jumping up, they drag him from the water  
I watch them march him into life  
I watch them take him from the pale  
Into the sky for your eagle eye  
The sun seeds a sickle and a scythe Ridicule they won't allow  
Quench abuse and let love flower  
Rip the cage out of your chest  
Let the chaos fool the rest  
Show without showing  
What you know without knowing  
Twigs snap, I catch, no canoe  
Only you and me, alone on the old teal sea  
Dissolving who we are  
Call out for yesterday's destiny gone  
We're on a foreign shore  
It was the mark of falling  
I was the car still running  
And when you call I'll be your shield for life  
And if you feel it, you'll fly  
The sunset a-begging me  
And I was set to fall in  
As I was set to fall in  
As I was set to fall in  
As I was set to fall in  
As I was set to fall in  
As I was set to fall in  
As I was set to fall in  
As I was set to fall in  
As I was set to fall in
