

Jesus Wash Away My Troubles

Sam Cooke & The Soul Stirrers

Jesus, wash away my troubles
While I'm traveling here below
For I, I got enemies, Lord, you know
And Jesus, wash away my burdens
For they are so hard to bear But I know there's consolation
As long as I know you're there, yes, it is
As long as I know you're there, yes, it is You know sometimes I feel like a motherless child
I'm a long way from home
You know sometimes I feel like a [unverified] ghost
A long way from home
But Jesus, take me on to glory
Lord, when I, when I die
For I know that day is coming
Is coming by and by
