When you come here, you better come correct  
This real G shit, you gotta show respect! Once upon a time been in the projects and OG  
So a young Bambi a prospect  
Thought that I would understand the streets from a very young age  
.to the front page

Say that's what ... big dog shit  
He said don't live, till your ass get...  
And don't come back till your ass get grown  
whatever you want is whatever you can have .  
Bring the... leave the... like they're soaking...  
When you step out on the...  
Make sure they wanna see ya

Tried to be Jordan, to settle for a pimping  
Play and I don't even tripping, but I don't really care  
Cause my . is in your face, so put your hands in the air!

And the leaders of the crooks!

Let me fall off, I'm taking all your chains  
All your watches, and all your cars  
...all of your stars!  
All of your rappers, and producers and sets  
No homo promo, homie, you might get your ass.  
Like... 83 you can't rest  
You're rolling with some women, and you're rolling with us!  
.but them niggers ain't week  
.but them niggers ain't cheep!  
I don't make... music, this is...  
I perceive all the sucker shit they play on TV!And you notice how I go  
when you're play around with that bullshit  
Nigger, you ain't letting shit go  
When you come here, you better come correct  
This real G shit, you gotta show respect!
