## Future

I had to spill at shawty with my jeans on  
And I had my pistol in my pocket  
Can't trust none of these bitches, gotta be cautious  
Can't trust none of these bitches, gotta be cautious  
I bought all the sodas at the gas station  
I just put a famous bitch on rotation  
I just put that famous bitch on rotation  
I just pull a shawty out on probationParanoia pulling up [?] the head  
I'm a [?] nigga full of bars and that red  
I'mma camouflage in, I fell in love with this brick  
I don't ordinary no type of nigga I don't beat  
I thought I keep that tool on me everywhere  
Spent a couple mill on my bitch last year  
I just put a new whip on the E-way  
Then I ran my bands back up like a relay  
Certified junkie  
I just pop the tag on the bands, it was Monday  
I just keep that bag on me now at least 100  
I've been on them Xans and that molly, I ain't frontin'  
I had to spill at shawty with my jeans on  
And I had my pistol in my pocket  
Can't trust none of these bitches, gotta be cautious  
Can't trust none of these bitches, gotta be cautious  
I bought all the sodas at the gas station  
I just put a famous bitch on rotation  
I just put that famous bitch on rotation  
I just pull a shawty out on probationYeah, I fell asleep with that paper  
Bro, I can't tell you 'bout no capers  
I just took the middle man off  
I go Corleone by the cheque  
I was getting dome with a tick  
Bitch, you ain't gon' get no extra parts putting on faggot mood  
I just called my contractor, told him "build another pool"  
One sitting in the back, one by the living room  
I keep all my jury at the bank now  
Alexander McQueen's therapeutic  
Bitch, I'm getting the same money as Cam Newton  
Ask me how it feel to be a millionaire  
I had to spill at shawty with my jeans on  
And I had my pistol in my pocket  
Can't trust none of these bitches, gotta be cautious  
Can't trust none of these bitches, gotta be cautious

I bought all the sodas at the gas station  
I just put a famous bitch on rotation  
I just put that famous bitch on rotation  
I just pull a shawty out on probation
