

# Smother Me

## The Used

Let me be the one  
Who calls you baby all the time  
Surely you can take some comfort  
Knowing that you're mine Just hold me tight, lay by my side  
And let me be the one who  
Calls you baby all the time I found my place in the world  
Could stare at your face  
For the rest of my days Now I can breathe  
Turn my insides out and smother me  
Warm and alive, I'm all over you  
Would you smother me?  
Let me be the one who  
Never leaves you all alone  
I hold my breath and lose the feeling  
That I'm on my own  
(Leaves me all alone) Hold me too tight, stay by my side  
And let me be the one  
Who calls you baby all the time  
(All the time) I found my place in the world  
Could stare at your face  
For the rest of my days Now I can breathe  
Turn my insides out and smother me  
Warm and alive, I'm all over you  
Would you smother me?  
Smother me, smother me  
When I'm alone, time goes so slow  
I need you here with me  
And how my mistakes  
Have made your heart break  
Still need you here with me  
So baby, I'm, baby, I'm here Now I can breathe, turn my insides out  
And smother me  
(Smother me)  
Warm and alive, I'm all over you  
Would you smother me?  
(Let me be alone) Now I can breathe, turn my insides out  
And smother me  
(Smother me)  
Warm and alive, I'm all over you  
Would you smother me?  
Smother me, smother me  
Let me be the one who

Calls you baby all the time  
Let me be the one who  
Calls you baby all the time  
Let me be the one who  
Calls you baby  
The one who calls you baby
