

# Way Up

Austin Mahone

[Chorus]

She think she way up  
Cause she steady chasin' the fame  
She said they'll remember her name  
She'll do anything for the camera  
She way up  
She just want the lights  
She's living for the lights  
She snappin' all the time  
She think she

[Verse 1]

She a bad girl, she slim in the waist  
She get what she want cause she pretty in the face  
Takin' out her phone and she posin' for the picture  
Filter out the things she ain't feelin' in the mirror  
She got attitude when she ain't in the mood  
Petty, she petty, she the drama in her crew  
Steady, she steady tryna come up on a dude  
Life of the party and she comin' after you

[Refrain]

Lately been lookin' for somebody special  
Scroll through my timeline, I just see the same  
This got me thinkin', I'd rather be alone  
Don't wanna deal with these basics, they're fake

[Chorus]

She think she way up  
Cause she steady chasin' the fame  
She said they'll remember her name  
She'll do anything for the camera  
She way up  
She just want the lights  
She's living for the lights  
She snappin' all the time  
She think she way up  
She think she way up  
She think she way up  
She think she way, she think she

She think she, she think she  
She think she way up

[Verse 2]

Where the real ones who be lookin' for a come up?  
Who be chillin', need someone to feel 'em, let me know 'em  
Waiting for a lady, I can vibe out with her  
Yes she got her own, she don't need no one to give her  
Anything least that wanna give me that feelin'  
Need a queen, when we on the scene we can kill 'em  
We a team, feelin' like a king and a winner  
I'm a beast, since she come around me I'ma get her

[Refrain]

Lately been lookin' for somebody special  
Scroll through my timeline, I just see the same  
This got me thinkin', I'd rather be alone  
Don't wanna deal with these basics, they're fake

[Chorus]

She think she way up  
Cause she steady chasin' the fame  
She said they'll remember her name  
She'll do anything for the camera  
She way up  
She just want the lights  
She's living for the lights  
She snappin' all the time  
She think she way up  
She think she way up  
She think she way up  
She think she way, she think she  
She think she, she think she  
She think she way up
