

# Everytime

MarMar Oso

[Intro]

Hey, Drayneh on the track, yeah

Woah, ah, ah

Okay

[Pre-Chorus]

I told myself that I would never ever love again

Or open up my heart to only get it broke again

But there's something about you

I love being around you

[Chorus]

I said every time, every time when I see you

I lose my mind, I lose my mind when I see you

Every time, every time when I see you

Got me falling in love again

[Verse 1]

Used to be a fan of me, but now you're just a fantasy

Girl, that pretty smile and ass is what really attracted me

They say not to trust that type, but that's just somethin' that I like

I like (I like), I like (I like), I like

Ayy, do I want relations or is this just temptations?  
Never felt this way before, you're all I adore and more  
You make me feel different, I can't lie  
I think you just changed my mind

[Chorus]

Every time, every time when I see you  
I lose my mind, I lose my mind when I see you  
Every time, every time when I see you  
Got me falling in love again  
Every time, every time when I see you  
I lose my mind, I lose my mind when I see you  
Every time, every time when I see you  
Got me falling in love again

[Verse 2]

I got you blushing, I'm crushing, you super bad, no McLovin  
I would give you all of me, just in exchange for your lovin'  
Whatever you did got me so addicted  
I'm hittin' it and wifing it, this ain't no hit and quit  
Just show me that you worthy, please don't do me dirty  
It always be the pretty ones that turn around and hurt me  
And baby girl, and I can't lie, I think you just changed my mind

[Chorus]

Every time, every time when I see you  
I lose my mind, I lose my mind when I see you

Every time, every time when I see you

Got me falling in love again

Every time, every time when I see you  
I lose my mind, I lose my mind when I see you

Every time, every time when I see you

Got me falling in love again
