

# Crush

## Jimmy Eat World

[Verse 1]

Faintest snow keep falling  
Hands around your waist  
Nameless, standing cold

[Chorus]

Like a breath  
Like a breath  
Take in restraint like a breath  
My lungs are so numb from holding back

[Verse 2]

Walk close to the fence  
Feel it hit your clothes  
Turn and smile nice  
Smile, say goodnight  
Say goodnight

[Chorus 2]

In a breath  
In a breath  
Simple discourse breaks you clean  
Simple discourse breaks you clean in half

[Bridge]

Regret  
Do try it once and then you know  
It's your move  
Settle for nothing less again

[Chorus]

Like a breath (x4)  
Take in restraint like a breath  
My lungs are so numb from holding back  
Yeah, from holding back
