

Nothing Lasts Forever

Sam Hunt

[Intro]

Yeah

[Verse 1]

Say I'm just a youthful face
Somethin' to do on Saturdays
Say it's the best you ever had? or say it's bad
Say it's something, just don't say it's nothing

[Chorus]

'Cause nothing lasts forever
Nothing lasts forever
So say I'm someone that you wish you never met
Your best mistake, your worst regret
Say everything, say anything but nothing
'Cause nothing lasts forever
Nothing lasts forever

[Verse 2]

You tell me that you fixed you hair
And overthink the clothes you wear
In case you see me out somewhere
Or listen to my old voicemails, and hate yourself
For still feelin' somethin' when we're nothing

[Chorus]

'Cause nothing lasts forever
Nothing lasts forever
So say I'm someone that you wish you never met
Your best mistake, your worst regret
Say everything, say anything but nothing
(Nothing lasts forever)

[Bridge]

Tell me you feel guilty
Tell me you feel childish
Tell me you feel sorry for me
Tell me you feel stupid
Tell me you feel lonely

Tell me you feel somethin' for me

[Chorus]

'Cause nothing lasts forever

(Nothing lasts forever)

So say I'm someone that you wish you never met

Your best mistake, your worst regret

Say everything, say anything but nothing

'Cause nothing lasts forever

Nothing lasts forever

[Outro]

Nothing lasts forever

Nothing lasts forever
