

Underground

Cal Scruby

Corbett know I fuck 'em up when the beat drop

Yeah, yeah

Touch point 0, this a lil clip (This a lil clip)

Rip, rip, hit the kill switch (Kill switch)

Y'all got fake plays, I got real hits (Real hits)

Autotune, perfect pitch, and you still miss

Whiff, game over that's a lil flip (Lil flip)

I'm a independent legend, I'm a Will Smith (Will Smith)

Yeah, the jig is up, come pick it up (Pick it up)

Ayy, I'm underground, let's dig it up (Dig it up)

Never big enough, never satisfied

They say "Give it up", that's some bad advice

Had to work, had to sacrifice

This ain't Casa Blanca, this ain't black and white

Space Jam, roll it like it's '96

Freaky Friday the Ferrari, got the body switched

I got it humming like some Roddy Rich

I don't know a man, but he prolly pissed

I keep it slidin' like it's Rocky '06

And on the low I get the hockey wrist

I'm from the sticks, it's obvious

I'm a slapshot Bobby if you copy this

Touch point 0, this a lil clip (This a lil clip)

Rip, rip, hit the kill switch (Kill switch)

Y'all got fake plays, I got real hits (Real hits)

Autotune, perfect pitch, and you still miss

Whiff, game over that's a lil flip (Lil flip)

I'm a independent legend, I'm a Will Smith (Will Smith, ayy)

Yeah, the jig is up, come pick it up (Pick it up)

Ayy, I'm underground, let's dig it up (Dig it up)

Ayy, whatchu lookin' for? I'll help you find it (I'll help you find it)

I got the plug with the gas, it's a hybrid

They want 50/50, never signed it (Never signed it)

This a long Tony Hawk grind, should've timed it

I won't let it slide out the side (Out the side)

I don't do it for the simple mind, I designed it

Everything I drop is a reminder (A reminder)

I shut down down Ohio way before the wine did

Ooh, I'm sick, I'm cold, I'm different like Bryson

A trap soul transmission I'm a psychic (Psychic)

A psycho with ambition, you a side kick (Side kick)

You like road transition, yeah

Hit the Death Star and I never left Mars

Like a 30XR when I press start

V12 roarin' like it's Reptar

I'ma catch you even if you get a 20 second head start, hmm

Touch point 0, this a lil clip (This a lil clip)

Rip, rip, hit the kill switch (Kill switch)

Y'all got fake plays, I got real hits (Real hits)

Autotune, perfect pitch, and you still miss

Whiff, game over that's a lil flip (Lil flip)

I'm a independent legend, I'm a Will Smith (Will Smith)

Yeah, the jig is up, come pick it up (Pick it up)

Ayy, I'm underground, let's dig it up (Dig it up)
