

One of One (feat. Babyface Ray)

42 Dugg

(Helluva made this beat, baby)

Ace to the face, I been stressin'

Can't even tell my nigga you ain't shit 'cause he'll stretch you

And bitch, you goin' along with it, you put her onto him

I heard he get it out the mud and bring it home to you

I can't say it to your face, here go a song for you

And my nigga got a bitch, but she ain't shit

Don't have to let them niggas scam you, they ain't rich

Had a heart-to-heart, man, you said you'd never change

Word on the street you out here fuckin' with a lame

I never felt the pain, betrayal

All you had to do was keep it real, you failed

Scarred you in the past and you told me it'd heal

Gave you everything, living like we got a deal

Creeping on the weekends, God forbid I go to jail

And I was told never love 'em with your heart, just your money, son

Nothin'-ass bitch, man, I thought that you was one-of-one

Man (Swear to God)

Nothin'-ass bitch, man, I thought that you was one-of-one (She ain't shit, though)

Nothin'-ass bitch, man, I thought that you was one-of-one (C'mon)

I put a seed in you (Uh-huh)

You told me that you believe in you (Uh)

All my wrongdoing, so I went and spent some G's with you

Lift you up, go ask them niggas can they get you one

Put you up, condo with cathedral ceilings

Guess you right, you don't need a nigga

Doggy actin' like he seen it in you when I was vouchin'

She a real bitch, bro, I doubt it

She the wife type, not just a mama, how you figure?

All that goody two-shoes, that's only when you with her

He ain't spent half of what you spent, how he hit her?

A nigga gon' be a nigga, but your bitch supposed to be solid

You told me you was gon' hold it down, bae, you even promised

I started to get mils and we started havin' problems

You out here fuckin' with her, bitch, you wildin'

You know they say never love 'em with your heart, just your money, son

Nothin'-ass bitch, man, I thought that you was one-of-one

Hah

Nothin'-ass bitch, man, I thought that she was one-of-one
