Seether

Well I can't stand to look at you now, this revelation's out of my hands
Still I can't bear the thought of you now, this complication's leaving me scared
Stay when you think you want me, pray when you need advice
(Hey) keep your sickness off me, trying to get through
Blame all your weakness on me, shame that I'm so contrite
(Hey) keep your fingers off me, why can't I get through
You think you have the best of intentions
I cannot shake the taste of blood in my mouth (Hey) I keep on thinking that it's (Hey) all done
and all over now
You keep on thinking you can save me save me
(Hey) My ship is sinking but it's (Hey) all good and I can go down
You got me thinking that the party's all over Well I can't stand to be myself, this liberation's
seemingly rare
And I can't stand the taste of your mouth, this sublimation's out of my hands
You stay cause you think you want me, pray when you need advice
(Hey) keep your sickness off me, I'm trying to get through
Shame you can't take this from me, pain on an empty mind
(Hey) keep your fingers off me, why can't I get through (Hey) I keep on thinking that it's (Hey)
all done and all over now
You keep on thinking you can save me save me
(Hey) My ship is sinking but it's (Hey) all good and I can go down
You got me thinking that the party's all over Lay down, just stay down! Lay down because I'm
trying to get through! Say what you want, but you're not going to win this time!
Take what you want but just leave me alive!
Say what you want, but you're not going to win this time!
Take what you want but just leave me alive! (Hey) I keep on thinking that it's (Hey) all done
and all over now
You keep on thinking you can save me save me
(Hey) My ship is sinking but it's (Hey) all good and I can go down
You keep your reason we can start it all over
Lay down, just stay down
Lay down, because the party's all over
Lay down, just stay down
Lay down because I'm trying to get through
