

# Can't Stop Me (Club Mix)

**Afrojack & Shermanology**

If this was the last dance of the night  
Will you join me til the morning light?  
Dance the night away cause it feels right  
You can't stop me, no-o-oIf this was the last dance of the night  
Will you join me til the morning light?  
Dance the night away cause it feels right  
You can't stop me, no-o-oYou can't stop me, no  
You can't stop me, no-o-o  
24/7, 365 with you  
We know the end is here  
You can't stop me, no-o-o
