

BEAT

Ricky Dillon

[Verse 1]

Can you hear me now?
Can you feel me now?
Beat makes me wanna get loud
Like a heartbeat, boom booming
808's run through my system

[Pre-Chorus]

I want you to move with this
You know you just can't resist
Enter this trance, come on and dance now
Come and let your body in tune with me
Come and get close to me
Follow my lead, I'mma show you how

[Chorus]

Listen to the drums go hard
Like a marching band
Repeating every step, every sound, every word

[Post-Chorus]

Bass comes in like bum, pum, pum, pum
Trumpets go up like pum, pum, pum, pum
Harmony's in like pum, pum, pum, pum
Everybody sing loud, pum, pum, pum, pum

[Instrumental interlude]

And it goes like
Gonna beat my drum like pa rum, pum, pum, pum

[Verse 2]

Everybody now, move your body now
Yell loud as soon as the bass drops
So get moving, zoom zooming
Is it in you like it's in me?

[Pre-Chorus]

I want you to move with this
You know you just can't resist
Enter this trance, come on and dance now

Come and let your body in tune with me
Come and get close to me
Follow my lead, I'mma show you how

[Chorus]

Listen to the drums go hard
Like a marching band
Repeating every step, every sound, every word

[Post-Chorus]

Bass comes in like bum, pum, pum, pum
Trumpets go up like pum, pum, pum, pum
Harmony's in like pum, pum, pum, pum
Everybody sing loud, pum, pum, pum, pum

[Instrumental interlude]

And it goes like
Gonna beat my drum like pa rum, pum, pum, pum, pum
And it goes like
Gonna beat my drum like pa rum, pum, pum, pum, pum

[Chorus]

Listen to the drums go hard
Like a marching band
Repeating every step, every sound, every word

[Bridge]

Now stomp your feet onto the beat
Now clap your hands and beat your chest
Like we the best, now everybody outloud
Into the crowd, when the beat goes, pum, pum, pum, pum

[Instrumental interlude]

And it goes like
Gonna beat my drum like pa rum, pum, pum, pum, pum
And it goes like
Gonna beat my drum like pa rum, pum, pum, pum, pum
