

# I'm In

## Keith Urban

Love doesn't come with a contract  
You give me this, I give you that  
It's scary business, your heart and soul is on the line  
Baby, why else would I be standing 'round here so tongue-tied  
If I knew what I was doing, I'd be doing it right now I would be the best damn poet, silver words  
out of my mouth My words might not be magic but they cut straight to the truth  
So if you need a lover and a friend  
Baby, I'm in, I'm in, baby, I'm in, I'm in  
Baby, come on in, the water's fine  
I'll be right here, you take your time  
Just let me hold you and we'll both take that leap of faith  
It's like I told you there's no guarantee when you feel this way  
If I knew what I was doing, I'd be doing it right now I would be the best damn poet, silver words  
out of my mouth  
My words might not be magic but they cut straight to the truth  
So if you need a lover and a friend  
Baby, I'm in, I'm in Baby, come here next to me I'll show you how good it can be  
I'll breathe each breath you breathe I can  
Pour out everything I am  
If I knew what I was doing, I'd be doing it right now  
I would be the best damn poet, silver words out of my mouth  
My words might not be magic but they cut straight to the truth  
So if you need a lover and a friend If you need a lover and a friend Baby, I'm, baby, I'm in, I'm  
in, baby I'm in, I'm in  
Baby, come here next to me I'll show you how good it can be  
I'll breathe each breath you breathe I can  
Pour out everything I am  
Baby, come here next to me  
I'll show you how good it can be  
I'll breathe each breath you breathe I can  
Pour out everything I am  
Baby, I'm in  
I'm in, I'm in, I'm in, I'm in  
Baby, come here next to me  
I'll show you how good it can be  
I'm in, I'm in
