

# Only the Team

## Rvssian, Lil Mosey & Lil Tjay

Oh, oh  
Lil Tjay  
Pyroman  
Oh, oh, oh oh  
Ayy, Rvssian! Fuck the Henny I'm pourin' codeine  
Purple sprite bring a colorful dream  
Foreign drip when I step on the scene  
Motivated, go dumb of a bean  
Steady workin' I'm up like a fiend  
No security, only the team  
Bodies droppin', I send out the green  
Bodies droppin', I send out the green  
Free my niggas that's still in the can  
Everything ain't as bad as it seems  
Judge offered me juvenile life  
Lawyer really wasn't doing a thing  
Had to get to where I'm at on my own  
Just a year, it ain't take me that long  
Ain't no favors, stop callin' my phone  
I ain't with it boy, fix up ya' tone  
No, no, no, no  
I know some killers that caught 'em a body  
And then they got, low, low, low, low  
Snitchin' forbidden, you tell on ya' homie  
Then you gotta, go, go, go, go, go  
No, I ain't throwing no hands with nobody  
I'm up in this po, po, po  
And this bitch finna blow, blow, blow  
I'm just letting you know, know, know  
Fell in love with the bag, these fuck niggas mad  
I'm chasing this dough, dough, dough  
Steady poppin' them tags, this drip on my body  
They see me like woah, woah, woah  
Gettin' bread off these show, show, shows  
Sippin' wok, got me slow, slow, slow  
I been movin' in slow, slow mo, I just be in my own mojo  
Nah, we ain't with it lil' nigga, don't try  
You ain't official lil' nigga, don't lie  
My niggas lurkin', they catch you in person  
This ain't gon' stop unless somebody die  
You ain't no killer, I see it in your eye  
Fought through so much, I don't think I can cry

Get to the top, well of course I'ma try  
But for now, it's just blessings that I'm carrying by
