

Stay This Way

The Brand New Heavies

Living with you in my life
Is like feeling the whole world's on my side
Putting a smile in the place
Where a tear used to run down my face
Feeling the sun on my head
Where a cloud used to follow instead
Singing a song in my heart
In a place where all my troubles depart

If our dreams fall back on the ground
Then we'll make them fly
Let the rain keep falling on down
'Cause baby I'm high

I think we'll fly
Now that we're together
Love is so high
Stay this way forever

With you in my life
Is like feeling the whole world's on my side
Putting a smile in the place
That a tear used to run down my face

If our dreams fall back on the ground
Then we'll make them fly
Let the rain keep falling on down
'Cause baby I'm high, high

Yeah, I think we'll fly
Now that we're together, oh yeah
Love is so high
Stay this way forever, oh yeah
Whoa-oh

[musical break]

Our love, yeah, yeah

Love will be here forever

I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Love will be here forever
I know that we'll stay together
Our love will be here forever
I hope that we'll stay together

Our love will be forever
If we stay together
