

Symphony (feat. Nevve)

Sick Individuals

I try to understand the reason why we've been hiding
I'm waiting on a sign in neon lights
Give me a sign
'Cause you and I are meant to paint the sky
There's no denying, baby
We're the chosen ones, we chase the high Nothing's free, I need your beating heart to breathe
Come with me, we'll be a symphony
We'll be a symphony
We'll be a symphony
We'll be a symphony Give me a sign
'Cause you and I are meant to paint the sky
There's no denying, baby
We're the chosen ones, we chase the high
Nothing's free, I need your beating heart to breathe
Come with me, we'll be a symphony
We'll be a symphony
We'll be a symphony
We'll be a symphony
