[Rondelle Beene]

Caller my ass! You know who this is  
Look I'm mad as hell  
First you got Eminem, this nigga say he gon' get me on his album  
No show I didn't get on it  
Then he signed these niggas D-12, these lil' punk ass niggas  
Then all of a sudden I heard he signed a new motherfucker named

[Obie Trice]

Obie Trice, first I took the underground over  
The "Well Known Asshole" brought y'all horror  
Then the industry saw interest in me  
Now I'm Shady Records like Marshall Mathers LP  
Mr. Trice, the name has occurred  
In your conversation, but the face is a blur  
And if you never spoke my name, nigga you heard  
Got word, from that mega bitch that stay bootleggin  
Underground since the Fu-Schnickens  
Or underground since Chi-Ali was fuckin with them stupid bitches  
Different species (AHHH!)  
Shittin on you punk motherfuckers  
With a Dirty Dozen type of feces
