## Ying Yang Twins

(Girl Talking)

Hey You

You know you been talkin a lot of shit

Whisperin in my ear

Makin me feel all hot and bothered and shit

Makin a muthafucka horny

You say you can fuck

Prove it(D-Roc)

Look bitch

You dun talked a whole lot of shit

But wait til you see my dick

I ain't really fo' the talkin game

You dun came in the room and started handlin thangs

First start wit brain

Then i'ma beat the pussy up

Hit it from the back

And beat the pussy up

Girl why you frontin d

Doin all that runnin

Be yo ass still

Long dick comin

Now ride on the dick like you was dancin in the club

He really love attention

So show him some love

Now come up slow and jus ride the head

Now drop down fast

Put it all in the air

Now turn ya ass around let me hit it from behind ya

Put big dick inside ya

I'ma hit it from the back while i'm pullin your hair

You climbin up the wall but i'm pullin your hair

Gettin freaky than a muthafucka sweatin

I'm all on you, you all on me

Fuckin like dogs

Me and shawty off of the wall

And I like the way she play with the balls

Shawty I ain't holdin nothin back at all

Ain't scared to put the mouf on the dick

She swallowed it

And she like it when a nigga be pullin her hair

Talkin nasty to her ass while i'm pullin her hair

(Chorus (Girl))

Now that I got you in the bed  
I'm gon pull yo hair  
snatch yo ass up by the head  
I'm gon pull yo hair  
(Pull my hair, Pull it hard)  
(Pull my hair, Pull it tight)  
(Pull my hair, Come on baby)  
(Pull my hair) (Moans)  
(Fuck me daddy, Spank me daddy)  
(Fuck me daddy, Spank me daddy)  
(fuck me daddy, Spank me daddy)  
(Fuck me... Shit)(Girl)  
Mmmmmm You like this  
You wanna see what I have  
(Kaine (Girl))  
Ay bitch  
I'm talkin to you  
(So tell me what you want me to do)  
(Clears Throat) Looka Hear  
(Moans)  
Drop down on all fours like a dog  
Now i'm lookin at yo ass 'fore I hit it  
That pussy from the back  
I'ma get it  
I'm walkin over to you wit the rubel  
(Ohhhh)  
Yo ass in trouble  
(Is it up high enough)  
I dun called yo bluff  
Fuck you til you cry  
(Uhhhhmmmm)  
You said i'd beat that pussy from the back  
So much that id hurt yo side  
Your ass shoulda been built for the war  
Fuck it  
And if you don't wanna wear your tail  
You need to put it in your ass and tuck it  
I whispered jus to get ya in the bed  
Now i'm finna pull yo hair on ya head  
(Pull it)  
Shouldn't have fucked wit me  
Shoulda  
If ya ass coulda ran you woulda  
But you put dat there aside  
That's how my dick got between yo thighs  
Now let's all ride  
I got a 10 foot pole  
That'll go in yo hole  
Take yo soul

Make nut come out yo nose  
Fall all on yo clothes(Chorus (Girl))(Chorus (Just Guy))
