

Can't See At All

Woods

I can't see at all
I can't see at all
And running around to say
Will I be here for you
See at all
I can't see at all
Running around to see
Will I be here for you
Even if we fall apart
Even if you float upstream??? can wait outside
Waits for you waits for me
I can't see at all
I can't see at all
And running around to say
Will I be here for you
Even if we fall apart
Even if you float upstream?? that waits outside
Waits for you it waits for me
Feathers ...
Take a trip and be there soon
Somewhere theres a love left outside
Stays with me stays with you
I can't see at all
I can't see at all
And running around to say
Will I be here for you
Even if we fall apart
Even if you float upstream?? that waits outside
Waits for you it waits for me
I can't see at all
I can't see at all
And running around to say
Will I be here for you
