

# Are You Ready

## Complete Control & Krum Bums

Are you ready  
Cause we're all traitors  
Are you ready  
True faces will unfold  
Are you ready  
There's no surrender  
Are you ready  
Take back what is yours If their numbers knock us down (Are you ready)  
Gather up and retaliate  
Don't be afraid to stand your ground (Are you ready)  
They're only human like you  
Are you ready  
To grasp your vengeance  
Are you ready  
Lose hope with who controls  
Are you ready  
To seize their existence  
Are you ready  
Take back what is yours If their numbers knock us down (Are you ready)  
Gather up and retaliate  
Don't be afraid to stand your ground (Are you ready)  
They're only human like you  
If their numbers knock us down (Are you ready)  
Gather up and retaliate (Are you ready)  
Don't be afraid to stand your ground (Are you ready)  
Are you ready...  
Are you ready or not
