

Wildlife

Cole Swindell

We don't need a Friday
We don't need a crowded bar downtown
To get a little sideways
Yeah we got our own way to get on wild
Every now and then, everybody knows
You've got to live a little, let you're crazy show
When the world gets to spinning too fast and you won't make it stop
We go the spot
Chorus : This is our night
This is our time
Getting XXX
Cold beer, bringing up our wild side
Out here, living up the wild life
Toast the sky with everyone we know
Here's to us and just let me go
XX out the moon hanging up high
Feeling just right
Out here living up the wild life (X2)
