

Something in the Way (You Make Me Feel)

Stephanie Mills

Something in the way you make me feel

Feel, feel (Tell you, baby)

Something in the way you make me feel (Oh)

Feel, feel (And it makes me feel real good)

I've been up and I've been down

Until you helped me put my feet on solid ground

I've been rich and I've been poor

Then you showed me that there's so much more

Than the rat race and the fast pace

Could ever offer me

When I look back, baby

You've always been there for me

Something in the way you make me feel (No doubt)

Feel (I wanna shout), feel (I tell you, baby)

Something in the way you make me feel (Oh)

Feel, feel (And it makes me feel real good, hmm)

Something in the way you make me feel (Oh...oh...)

Something in the way you make me feel (Oh...oh...oh...)

I've been talked about and I've been scorned

I've been praised and I've been adorned

I've met all kinds, traveled over this world

And still your love turned me into a different girl

You got the right touch and I don't know what

Came over me

But when I woke up, honey

It was so plain to see

Something in the way you make me feel (I wanna talk
about it)

Feel (I wanna shout), feel

Something in the way you make me feel (Oh)

Feel (You make me feel), feel (I tell you, baby)

Something in the way you make me feel (Oh, it's
something)

Feel (Yes, it's something), feel (I tell you, baby)

Something in the way you make me feel

Feel (Oh), feel (And it makes me feel real good, real
good)

Something in the way you make me feel (Oh...oh...)

You make me feel real good-good-good-good

Something in the way you make me feel (Yeah...yeah)

You make me feel real good-good-good-good (Oh...oh...)

You got the right touch and I don't know what

Came over me

When I woke up, honey

It was so plain to see

Something in the way you make me feel (Ain't no doubt

about it)

Feel (I wanna shout about it), feel (Tell the world

about it)

Something in the way you make me feel (I wanna talk

about it)

Feel (Yeah, yeah), feel (I tell you, baby)

Something in the way you make me feel (You make feel)

Feel (You make me feel), feel (Oh...)

Something in the way you make me feel (You make me

feel)

Feel (You make me feel), feel (Oh, oh, oh, oh)

Something in the way (Ooh) you make me feel (You make

feel)

Feel (You make me feel), feel (You make me feel real

good all over, yeah)

Something in the way you make me feel (You turn me in

and out)

Feel (You make me scream and shout), feel

(Oh...oh...oh...)

Something in the way you make me feel (You make feel,

oh)

Feel (You make me feel), feel (Oh...)

Something in the way you make me feel (You make me

feel)

Feel (You make me feel), feel (Tell you, babe)

Something in the way you make me feel

Feel, feel (Touch that I need so much)

Something in the way you make me feel

Feel, feel

Something in the way you make me feel
