

Lonely

Jaheim

If you didn't ask then he wouldn't tell

But the truth is you going through hell

But you hide it so well

You tug on his sleeve

You beg and you plead

Anything so that he won't leave

He would be like oh well (oh well)

And half of the time you knew he was lying

Said he was on his rizzily grind

He's providing so well

And now he's out there running game on you

I'll be there at the drop of a dime

And when he thinks your at home with the kids on the couch watching tv all the time

[Hook:]

If you think you're lonely now (ohh baby i'm on my way)

Wait until tonight girl

Cause i'm coming to scoop you up

You got the kinda love

Never get enough of messing bed spreads up

It's all up to you

Wait until tonight girl

If you think you're lonely now (ohh baby i'm on my way)

Wait until tonight girl

And you can be back before he even knows your gone

Take you to the peak of ecstasy..come on

It's all up to you

Wait until tonight girl

Ohh baby i'm on my way

During love makin we lose control of ourselves

Digging in my back with your nails

But you do it so well

And we both fall asleep then your Sidekick beeps

Angry messages he left on your cell

You know he's gonna yell...oh well

Do you think he suspects us

Picked up on the trail

Thinks it's time you sit him down and tell

Cause he knows you so well

And now he's out there running game on you

I'll be there at the drop of a dime

And when he thinks your at home with the kids on the couch watching tv all the time

[Hook:]

If you think you're lonely now (ohh baby i'm on my way)

Wait until tonight girl

Cause i'm coming to scoop you up

You got the kinda love

Never get enough of messing bed spreads up

It's all up to you

Wait until tonight girl

If you think you're lonely now (ohh baby i'm on my way)

Wait until tonight girl

And you can be back before he even knows your gone

Take you to the peak of ecstasy...come on

It's all up to

Wait until tonight girl

Ohh baby i'm on my way

For every broken date you promised

For all the lies that you coulda been honest

And for your Sandra she found a Robert

I'll get right there

If you think she's lonely now

For every little dream you sold her

For the night you wasn't at home to hold her

After the drama, here comes the Karma

If you think she's lonely know

[Hook:]

If you think you're lonely now (ohh baby i'm on my way)

Wait until tonight

Cause i'm coming to scoop you up

You got the kinda love

Never get enough of messing bed spreads up

It's all up to you

Wait until tonight girl

If you think you're lonely now (ohh baby i'm on my way)

Wait until tonight

And you can be back before he even knows your gone

Take you to the peak of ecstasy...come on

It's all up to you

Ohh baby i'm on my way
