

# Chasing Highs

ALMA

2 AM, I'm fading in the dark  
Like floating in the ocean  
People need the poison  
3 AM, you just touched my hand  
And made me lose my focus  
I almost didn't notice And I better know what to do  
Who's gonna be the first one to move?  
I wanna get closer to you  
(I wanna get closer to you)  
And I better know what to do  
Who's gonna be the first one to move?  
I wanna get closer to you  
I was chasing highs  
Then I found you  
We're doing it in slow motion  
We're doing it in slow motion  
I was chasing highs  
Then I found you  
You are getting closer in slow motion I'm chasing hi-hi-hi-highs  
I'm chasing hi-hi-hi-hi-highs  
I'm chasing hi-hi-hi-highs  
You are getting closer in slow motion 4 AM, almost touching you  
Drowning at the noises  
In between the voices  
5 AM, there is something more  
I caught the luck you gave me  
Phases going hazy  
And I better know what to do  
Who's gonna be the first one to move?  
I wanna get closer to you  
(I wanna get closer to you)  
And I better know what to do  
Who's gonna be the first one to move?  
I wanna get closer to you I was chasing highs  
Then I found you  
We're doing it in slow motion  
We're doing it in slow motion  
I was chasing highs  
Then I found you  
You are getting closer in slow motion I'm chasing hi-hi-hi-highs  
I'm chasing hi-hi-hi-hi-highs  
I'm chasing hi-hi-hi-highs

You are getting closer in slow motion I stopped counting the hours  
Space between us getting smaller and smaller  
I'm losing the powers  
I'm falling higher and higher with you I was chasing highs  
Then I found you  
We're doing it in slow motion  
We're doing it in slow motion  
I was chasing highs  
Then I found you  
You are getting closer in slow motion I'm chasing hi-hi-hi-highs (ooh yeah, ooh yeah)  
I'm chasing hi-hi-hi-hi-highs (I'm chasing, I'm chasing)  
I'm chasing hi-hi-hi-highs (ooh yeah, ooh yeah)  
You are getting closer in slow motion
