

SAME THING

The Kid LAROI

I got something to confess, I ain't been doing my best
But neither have you girl, I know, I know
Running 'round town with your friends, and they're all telling you could do better
I won't, I won't
I won't even lie, girl, I'm sick of the lies
And the games you play, I don't, I don't
I don't know why that you gotta hide what you're doing tonight Oh, baby, I
I know about all the little things you do behind my back
Girl, I know
I know about the places that you go when you're with your friends
Yeah, I know
You always pretend like you're innocent but God damn, I know
But I can't be mad at you, 'cause I do the same things
I do the same things
Yeah, I do the same things
I do the same things
Yeah, I do the same things
I do the same things
Yeah, I do the same things So I can't be mad at you
And I'm not proud of the things I do
But it's okay 'cause you do them too
And it's okay that I need you too, no, no
I'ma do me and you're gon' do you
You say that you're done but you end up doing me too
You say I'm the one, you trying to do me stupid
But you know that I
Yeah I know about all the little things you do behind my back
Girl, I know
I know about the places that you go when you're with your friends
Yeah, I know
You always pretend like you're innocent but God damn, I know But I can't be mad at you, 'cause
I do the same things
I do the same things
Yeah, I do the same things
I do the same things
Yeah, I do the same things
I do the same things
Yeah, I do the same things
So, I can't be mad at you
