

Warrior (feat. SG Lewis)

Aluna

[Verse 1]

I been focusin' on you
I been hopin' there's a way to make you see me
And I know that it's no use
'Cause the only way is really just to be me [Pre-Chorus]

I wanted to wait
I wanted to make you beg for me
I wanted to wait
I want it today, don't say it to me [Chorus]

Tell me what to do
Just to think 'bout the way we are
Tell me what to do
I want a warrior fight with you

[Post-Chorus]
Tell me, tell me, tell me
Warrior, warrior, warrior
Tell me what to do
You warrior [Verse 2]

My obsession's come undone
No confession has the power to control me
I been playin' and I won
Undressin' 'til my naked heart is stolen

[Pre-Chorus]
I wanted to wait
I wanted to make you beg for me
I wanted to wait
I want it today, don't say it to me

[Chorus]
Tell me what to do
Just to think 'bout the way we are
Tell me what to do
I want a warrior fight with you [Post-Chorus]
Tell me, tell me, tell me
Warrior, warrior, warrior
Tell me what to do
You warrior
