

# Rock 'N' Roll Rebel

## Ozzy Osbourne

They couldn't see what I thought would be so obvious  
They hide behind the laws that they make for all of us  
The ministry of truth that deals with pretense  
The ministry of peace that sits on defense  
I'm washing my hands of what they're tryin' to do  
I'm breaking the rules and its for me and for you I'm just a rock 'n' roll rebel  
I'll tell you no lies  
They say I worship the devil  
They must be stupid or blind  
I'm just a rock 'n' roll rebel They live their lives of fear and insecurity  
And all you do is pay for their prosperity  
The ministry of fear that won't let you live  
The ministry of grace that doesn't forgive  
Do what you will to try and make me conform  
But I'll make you wish that you had never been born  
Cause I'm a rock 'n' roll rebel  
I'll do what I please  
I'm a rock 'n' roll rebel  
I'm as free as the breeze  
I'm just a rock 'n' roll rebel They'll try playin with your heart  
The know it rules you head  
If they could read between the lines  
You know they'd see the real pain God only knows why they couldn't see the obvious  
Is it because that the manifest the incubus  
The ministry of war that got caught in the draught  
The ministry of joy that still hasn't laughed  
When it's all boiled down and the days at an end  
I'll give you no bullshit and I'll never pretend  
Cause I'm a rock 'n' roll rebel  
I'll tell you no lies  
They say I worship the Devil  
Why don't they open their eyes  
I'm just a rock n roll rebel  
A rock n roll rebel
