

# Swerve

## Sad Frosty

[Intro]

Huh? What? Thottie!

Bitch! Yuh, ayy, what?

Astro got it runnin'

[Chorus]

Say yo' grace, ho, 'cause, bitch, it's over

I had 80K, I blew that copped a range rover (Skrrt)

I be swerving, switchin' lanes, so hard I damn near broke my shoulder (A'ight)

If she wanna fuck with us I tell her, lil thot, bend it over, huh (Huh)

[Verse 1]

Bu-Bu-Bust down on my dick, do a split, ho (Thottie)

She throw it back, I might fuck around pay yo rent ho

All these pussies cappin' 'bout shit they don't really get, though (Huh? What? What?)

Lil' Frosty so pretty, got bitches who workin' for Bang Bros

[Chorus]

Say yo' grace, ho, 'cause, bitch, it's over

I had 80K, I blew that copped a range rover (Skrrt)

I be swerving, switchin' lanes, so hard I damn near broke my shoulder (A'ight)

If she wanna fuck with us I tell her, lil thot, bend it over, huh

[Verse 2]

Hol' up, (What?) all these broke boys, they can't stand me

I just hit it raw, then I made her swallow Plan B (Bitch)

Pull out the choppa and I aim it at your granny (Thottie)

That bitch don't speak my language, she said she do not understand me (Yuh, yuh)

Just dm'd your bitch, she said I'm a snack, (What?)

Send boys to your addy, drop a pin on the map (Huh?)

Did laps with your bitch just like I'm on a track, I sold out my show then brought fans through  
the back

Snuck fans through the back, we make some hoes dance

Hundred thousand, got it all in advance

Air Force Ones I don't fuck with no Vans

I feel like Tekashi, you won't get a chance (Stupid)

[Chorus]

Say yo' grace, ho, 'cause, bitch, it's over

I had 80K, I blew that copped a range rover

I be swerving, switchin' lanes, so hard I damn near broke my shoulder

If she wanna fuck with us I tell her, lil thot, bend it over, huh (Huh)
