

# Gold Skies (feat. Aleesia)

Sander van Doorn, Martin Garrix & DVBBS

See the smoke when the sun shines  
We will forever be faded under gold skies  
Captivated in your cold eyes  
We will forever be faded under gold skies See the smoke when the sun shines  
We will forever be faded under gold skies  
Captivated in your cold eyes  
We will forever be faded under gold skies Coming up, coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever Coming up, coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever  
Coming up, coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever Coming up, coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever Coming up, coming up, coming up  
Coming up, coming up, coming up  
Coming up, coming up, coming up  
Coming up, coming up, coming up... We will forever be faded under gold skies Coming up,  
coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever  
Coming up, coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever Coming up, coming down  
Look at all this love we found  
Just the sun, feel me now  
We will live forever Coming up, coming up, coming up  
Coming up, coming up, coming up  
Coming up, coming up, coming up  
Coming up, coming up... We will forever be faded under gold skies We will forever be faded  
under gold skies
