

Red Flag

Fuzz

I am here inside your station
I'm the leech of information Red flag! - I know what you want
Red flag! - make you open up
Red flag! - make you realize
Red flag! - I'm your nightmare Seen the secrets of your wasteland Open up I'll make you face
them Red flag! - I know what you want
Red flag! - make you open up
Red flag! - make you realize
Red flag - I'm your nightmare
