

# Remember

Liam Payne

How do you love someone?  
How do you love someone so much it makes you hate them?  
Because you can't replace 'em  
Why do I still hold on?  
Why do I still hold on to feelings when they're wasted?  
Maybe I misplaced them, mmm

I still can't see the light at the end of the tunnel  
Just see those hometown lights we were both playing under  
Wish I could press reset, but it's not that easy  
How can I forget someone who gave me so much to remember?

You gave me so much to remember  
You got me stuck inside my mind  
Everything's a reminder  
How can I forget someone who gave me so much to remember?

How do you know someone so well and then it changes?  
All of a sudden you're strangers  
Thinkin' back on us dancing  
When you put your feet on top of mine on the living room floor  
Well, tell me what was it for? Oh

I still can't see the light at the end of the tunnel  
Just see those hometown lights we were both playing under  
Wish I could press reset, but it's not that easy  
How can I forget someone who gave me so much to remember?

You gave me so much to remember  
You got me stuck inside my mind  
Everything's a reminder  
How can I forget someone who gave me so much to remember?

I just wanna know, just wanna know do you still  
Think about us, think about us and get chills?  
I could say I won't, could say I won't, but I will  
How can I forget someone who gave me so much to remember?

You gave me so much to remember  
You got me stuck inside my mind  
Everything's a reminder  
How can I forget someone who gave me so much to remember?  
You gave me so much to remember (All of the nights, all of the time)

You got me stuck inside my mind  
Everything's a reminder (Everything, oh)  
How can I forget someone who gave me so much to remember?

I just wanna know, just wanna know, do you still  
Think about us, think about us and get chills?  
I could say I won't, could say I won't, but I will  
How can I forget someone who gave me so much to remember?
