I Believe

Jonas Brothers

Every night, every day; how about every lifetime?
Yeah, I know what they say, and that's fine
'Cause I'm here to stay through the good and the bad timesBabe, you send me to space and you're mine, yeahWell, call me crazy
And people saying that we move too fast
But I've been waiting, and for a reason
Ain't no turning back'Cause you show me something I can't live without
I believe, I believe, I believe
When you hold me, it's like Heaven coming down
I believe, I believe, I believeThat you show me (Show me, show me)
That you show me (Show me, show me)
Everywhere that I go, feeling you all around me
Now that I got you close, I'm alright
Baby, I didn't know, but I'm glad that you found me
'Cause I'm seeing the most in your eyes, oh yeah, yeahCall me crazy
People saying that we move too fast (Too fast)
But I've been waiting for a reason
Ain't no turning back'Cause you show me something
I can't live without (Ah yeah, yeah)
And I believe, I believe, I believe
When you hold me (When you hold me)
It's like Heaven coming down (Mmm, yeah, yeah)
I believe, I believe, I believeThat you show me (Show me, show me), you show me
That you show me (Show me, show me), you show me
Doesn't matter anymore
Now I got you here with me
Nothing matters any longer
Now I got you here with me
I think about you every time I-
Every time I lose myself again
I lose myself again'Cause you show me something I can't live without
I believe, I believe, I believe
When you hold me, it's like Heaven coming down
I believe, I believe, I believe
'Cause you show me something I can't live without (Oh yeah)
And I believe, I believe, I believe
When you hold me (When you hold me)
It's like Heaven coming down
I believe, I believe, I believe'Cause you show me (Show me, show me)
(Show me something I can't live without)
That you show me (Show me, show me), no, no (And I believe, I believe, I believe)
(When you hold me, it's like) Heaven coming down (Show me, show me)

'Cause you show me (Show me, show me)
I believe, I believe, I believe youOoh ooh, ooh ooh
Yeah
