

No Can Left Behind

Cole Swindell

Raise em up high
If you're with me tonight
It's no can left behind Let me lay it
All out on the table
If you're here then
You're willing and able
To let go of that long week
And get a little weekend
Carried away
How 'bout a 12-pack packed
Just between us
We're gonna drink 'em all gone
Y'all, this is some serious stuff
As far as I can tell
They can't consume themselves
So let's throw
A little help their way Raise em up high
If you're with me tonight
We're on a cold case mission
I got your back if you got mine
To hell with our problems
Yeah, we 'bout to solve 'em
With every single ounce we got
That's right it's no can
No can left behind
It might take us all night long
And a whole bunch of country songs
But everything hang in there
Till our work around here's through Y'all know what to do
I'll be right back Hey, hey good looking
What'd you come here for
Oh you ain't just thirsty
Well, tell me more
I knew it, it's your ex
Yeah, I've had a few
So this cold one's for you Raise em up high
If you're with me tonight
We're on a cold case mission
I got your back if you got mine
Yeah, to hell with our problems
Yeah, we 'bout to solve 'em
With every single ounce we got

That's right it's no can
No can left behindAw, solo
It's all in here
Hopefully not gonna
Have to roll outta here tonight
Watch thisWith a little team working
We can put a little hurting
On everything cold and light
All in favor say I
It's no can, no can left
I said no can
Yeah, everybody's helped
Till there's no can
No can left behind
AlrightI thought it was
A pretty good plan y'all
The beer's not gonna drink itself
So uh, there's a couple left
There's one for me
I'll just keep that one cold
I don't trust ya to drink it all
